We will now edit your paper; once complete, we will return it to you for your review and approval. Within the next few days, an invoice for the article processing charge (APC), required for publication, will be sent by email from the Editorial Office in Basel, Switzerland.

If, however, your manuscript requires extensive English language and grammar revisions, we will need to return the paper and request that such changes are made.

We encourage you to set up a profile on SciProfiles.com, MDPI's researcher network platform. Articles you publish with MDPI will be linked to your SciProfiles page, where your colleagues and peers will be able to see all of your publications, citations, and other academic contributions.

Lastly, MDPI is pleased to announce the launch of our Academic Video Service, which aims to enhance the visibility of our journals' manuscripts. This comprehensive service includes professional scriptwriting, animation design, and strategic promotion.
