

Admission to the 1st year of a Master's Degree with unrestricted access – A.A. 2020-21

Automation Engineering and Control of Complex Systems (Class LM-25)

Admission requirements for the Master Degree Course

Candidates who meet the following requirements can enroll in the Master of Science (as referred to in section 1 of the Call).

- a) **Graduated Bachelor's degree, in the class L-8 "Information Engineering" or class L-9 "Industrial Engineering" or an equivalent qualification pursuant to the Interministerial Decree 09/07/2009. Alternatively, students must have completed a university degree, lasting at least three years, recognized as suitable by the Board of Directors of the Course of Study.**
- b) **A minimum curricular requirement set out in terms of ECTS acquired during any university courses or any equivalent experience in the Scientific Area (SSD) reported in the table.**

Scientific Area (SSD)	ECTS
INF/01, ING-INF/05, MAT/02, MAT/03, MAT/05, MAT/06, MAT/07, MAT/08, MAT/09, SECS-S/02, CHIM/03, CHIM/07, FIS/01, FIS/03, FIS/07	36
ING-IND/31, ING-INF/01, ING-INF/04, ING-INF/05	18

Procedure for the assessment of the admission requirements

The application form must be completed within the terms and the conditions as set in the Call (as referred to in section 2). The examination board will check the suitability of all candidates in terms of personal preparation, according to the University Rules, through their curricula and taking into account the obsolescence of the knowledge if credits have been earned for more than 6 years.

The examination board may require an interview to ensure the adequacy of candidates' knowledge and their personal preparation. The interview will be necessary if the candidates have to prove their knowledge in subjects specific of the Course of Study and the English language skills, in case they do not possess an English certification minimum *level B2* in the CEF (Common European Framework).

The list of candidates to be interviewed, will be posted by September 18th, 2020. The interview will take place on **September 23rd 2020 at 09:00** a.m. at the Department of Electric, Electronic and Computer Engineering, - room D03, Building 14 – viale A. Doria n. 6, 95125 Catania.

If necessary, for justified reasons, the candidates may request to carry out their interview by video-conference sending an email to the coordinator of the Course of Study prof Maide Bucolo (maide.bucolo@unict.it) within September 21st 2020. The candidates will be evaluated by the examination board as being either *admitted* or *not admitted*.

The admitted candidates may enroll (as referred to in section 4 of the Call) in the Course of Study from September 25 2020 to October 12, 2020.

Examination Board

The examination board (as referred to in section 3.1. of the Call) is made up of:

- Prof. Bruno Andò
- Prof.ssa Maide Bucolo
- Prof. Mattia Frasca
- Prof Riccardo Caponetto (substitute)
- Prof. Salvatore Pennisi (substitute)

List of admitted students

When all the required procedures are completed the list of admitted students will be drawn up and published.
