

Admission to the 1st year of a Master's Degree with unrestricted access– A.A. 2022-23

Electronic Engineering (Class LM-29)

Admission requirements for the course of study

Candidates who meet the following requirements can enroll in the master's program (as referred to in section 1 of the Call):

- a) possessing a bachelor's degree in the class L-8 Information Engineering or in the class L-9 Industrial Engineering or equivalent qualification pursuant to the Interministerial Decree 09/07/2009. Alternatively, students must have completed a university degree lasting at least three years recognized as suitable by the Board of Directors of the Course of Study
- b) a minimum curricular requirement set out in terms of ECTS (or any equivalent experience) acquired during any university course for the following groups of scientific areas (SSD)

Groups of scientific areas (SSD)	min ECTS
INF/01, ING-INF/05, MAT/02, MAT/03, MAT/05, MAT/06, MAT/07, MAT/08, MAT/09, SECS-S/02, CHIM/03, CHIM/07, FIS/01, FIS/03, FIS/07	36
ING-IND/31, ING-INF/01, ING-INF/04	18

Procedure for the verification of the admission requirements

All applicants must **complete the application form** (as referred to in section 2 of the Call) and comply with its terms and conditions. The Examination Board will check up on the suitability of all candidates in terms of personal preparation through the analysis of their curricula and, according to the University Rules, on any possible obsolescence or gaps in terms of knowledge if the credits have been earned for more than 6 years.

The Examination Board may find it necessary to ascertain the adequacy of candidates' knowledge in subjects specific of the Course of Study, as well as the personal preparation, by means of an interview. The interview will be necessary also if the candidates do not possess an English certification with minimum level B2 in the CEF (Common European Framework).

The list of the candidates both admitted and to be interviewed will be **posted by September 9th, 2022**. The interview will take place on **September 16th 2022 at 10:00 a.m.** at the Department of Electric, Electronic and Computer Engineering, DIEEI, **room D23** Building 14, Viale A. Doria 6, 95125 Catania. If necessary, for justified reasons, the candidate may request to carry out his interview via videoconference, by sending an email to the President of the Course of Study, prof. Salvatore Pennisi (salvatore.pennisi@unict.it), within September 14th, 2022.

The candidates will be evaluated by the Examination Board as being either ADMITTED or NOT ADMITTED.

Candidates may enroll in the Course of Study from **September 26th 2022 to October 3rd 2022**. They will incur in an additional fee for late enrolment.
