Curricular and educational background requirements

To be admitted to this course of study applicants are expected to meet specific curricular requirements and have the knowledge and abilities as follows:

a) A bachelor’s or higher degree awarded abroad. Undergraduates candidates are also accepted providing that they will obtain their bachelor’s degree before 31 July 2024;

b) Successful applicants come primarily from an academic background in:
   a. chemical engineering,
   b. petroleum engineering;
   c. chemistry;
   d. industrial chemistry;
   e. industrial engineering;
   f. mechanical engineering;
   g. civil engineering;
   h. environmental engineering;
   i. materials engineering.

Candidates may also be seconded from international organisations and national foreign services, provided they hold a university degree and have relevant professional experience compatible with the academic background required to enrol in the Degree Programme in Chemical Engineering for Industrial Sustainability (LM22).

Language requirement:

Candidates who wish to register in the master’s programme need to have good English language skills, both written and spoken. A B2 level or higher of the Common European Framework of Reference (CEFR) for languages is required, attested by one of the following certifications:

i. IELTS: overall score greater than, or equal to 5.5;

ii. TOEFL: minimum total score 72;

iii. Cambridge: First Certificate in English (FCE) or higher;

iv. declaration from the University where the bachelor’s or master’s degree was achieved stating that English was the official language of the course;

v. self-declaration to be a citizen of an English-speaking country.
