

**ADMISSION PROCEDURE TO SINGLE CYCLE MASTER'S DEGREE COURSES IN
MEDICINE and SURGERY
A.Y. 2023-2024**

Article 1 - PURPOSE

1. The deadline for submitting applications to participate in the admission examination for the single cycle master's degree programs in *Medicine and Surgery* is now open.
2. Ministerial Decree No. 1082 of August 7, 2023, and its related attachments, which are an integral part of this call (www.mur.gov.it), have regulated the "Methods and content of the entrance examinations for single cycle bachelor's and master's degree programs in English language with nationally scheduled access for the academic year 2023/2024."
3. The test will take place on the date indicated in Table 1 at the University of Catania sites which will be communicated later on the University website (www.unict.it).

TABLE 1

a	b	c	d	e	f
Study courses	Community places, no.	Non-Community places, no.	Date	Summoning time	Test start time
LM-41 – Medicine and Surgery (6 years)	60	0	October 17, 2023	8:30	12:30

The available places have been indicated by Ministerial Decree no. 994 of 28 July, 2023.

Table 1 contains:

Column A: the class, the name of the course of study and the duration

Column B: the total number of Community places available for each course of study

Column C: the number of seats reserved for non-community students residing abroad, including seats reserved for international non-EU students applying for an entry visa for long-term stays in Italy. Candidates with non-EU citizenship, not residing in Italy, and holding a non-Italian academic qualification fall under the extra-EU quota (further information available on the website www.studiare-in-italia.it/studentistranieri).

Any seats not filled in the ranking will be made available, for the same study courses, within the seats allocated to community and non-community students residing in Italy, as specified in Article 26 of Law 189 of 2002, in due time for the ranking list update. Possible compensations between universities within the same quota reserved for non-community students not residing in Italy will be considered, where feasible.

Column D: the date of the test

Column E: the time of convocation of the candidates for the test

Column F: the start time of the test

Article 2 – REQUIREMENTS FOR SUBMITTING THE APPLICATION FOR ADMISSION

1. A requirement for admission is a high school diploma.
2. The following individuals may submit an admission application under equal conditions: Italian citizens, European Union citizens residing anywhere, citizens of countries equated with European Union states (Norway, Iceland, Liechtenstein, Switzerland, Republic of San Marino), as well as

foreigners holding a residence permit or a permit for subordinate work, autonomous work, family reasons, political asylum, humanitarian asylum, or religious reasons. Additionally, foreigners residing regularly for at least one year and possessing a higher education degree obtained in Italy are eligible, as well as foreigners residing anywhere who hold final diplomas from Italian schools abroad or foreign or international schools, whether operating in Italy or abroad, subject to bilateral agreements or special regulations for the recognition of educational qualifications, provided they meet the general entry requirements for study.

3. Admission is also valid for individuals who hold a foreign education degree obtained after at least 12 (twelve) years of schooling, which allows admission to a university and the chosen course of study in the country where it was obtained. The foreign education degree must be accompanied by a "Declaration of Value" (issued by the Italian Diplomatic Representation in the country where the degree was obtained) or, alternatively, a "Certificate of Comparability of the Degree" issued by the Italian ENIC-NARIC center Cimea (the request can be made online through the website www.cimea.it).
4. University students cannot participate in the admission test for the same study course they are already enrolled in. Furthermore, those who already possess a bachelor's and/or master's degree, even from previous academic systems, with the same legal value as the one obtainable by enrolling in one of the study courses covered by this admission test, cannot participate in the corresponding admission test.

Article 3 – PROCEDURES AND DEADLINES FOR SUBMITTING THE APPLICATION FOR ADMISSION (www.universitaly.it)

1. Each candidate must submit their admission application **exclusively through the procedure available on the University portal (www.universitaly.it)**.
2. The application for registration at University can only be submitted from **September 18, 2023 to September 29, 2023 by 3.00 PM CEST**.
3. When registering online for the test on the website www.universitaly.it, the candidate, after reviewing the information on the purposes and methods of personal data processing, provides the following information through the appropriate computer procedure (all data with an asterisk are mandatory):

Last Name *

First Name *

Country of Birth *

Province of Birth *

City of Birth *

Date of Birth *

Sex *

Citizenship *

Tax Code *

Email *

Document Type * Document Number * Issued by * Valid from... to... *

Residence: Country * Province * Locality * Postal code (ZIP) * Address *

Mobile phone ^(a)

The information mentioned in note (a) must be provided in case of the absence of an email address solely for the purpose of receiving communications related to the selection procedures. This information is used exclusively for all activities related to the selection process for admission to the master's degree programs for

which the candidate has applied and for subsequent enrollment. All information is stored for five years from the date of the candidate's online registration unless otherwise specified in Annex 2 of Ministerial Decree 1082 dated August 7, 2023, under the section "*Retention Period of Personal Data and Use for Historical and Statistical Purposes.*" After this period, this data is anonymized.

4. All communications related to the test will be sent to the email address provided during registration for the test. It is the candidate's responsibility to check these communications and promptly update any changes to the email address.
5. At the time of registration for the test, the candidate must also indicate, **in order of preference**, the locations for which they intend to apply. **These preferences are irrevocable and cannot be amended after 3:00 PM on September 29, 2023. In any case, the last "confirmation" expressed by the candidate within this deadline will be valid.** For the first useful preference, it is understood, in the order of preferences indicated, the best option regarding the location and the course in which the candidate, based on the score obtained and the number of available seats, is eligible.

The candidate is, in any case, obliged to take the test at the location indicated by CINECA at the time of registration.

Article 4 - PAYMENT OF THE PARTICIPATION FEE

1. After registering on the University portal, each candidate must also submit the admission application for the test through the Student Portal <http://studenti.smartedu.unict.it> **from September 18, 2023, to September 29, 2023.**
2. **The completion of the test registration is done following the payment of the participation fee.** The amount of the test participation fee is set at € 100.00 (non-refundable in any case). This fee will be automatically generated upon confirmation of the admission application for the test and will be listed under "Payments to be Made" in the student portal. **Payment must be made by no later than 11:59 PM on September 30, 2023.**
3. The data provided in the application are in the form of self-certification; therefore, in case of false statements, the candidate may be subject to penalties established by the criminal code and special laws on the matter and may be excluded from the procedure.
4. Applications submitted in a manner other than described in the previous points will not be considered.
5. The University of Catania assumes no responsibility for the failure to submit the admission application within the specified deadline, due to unforeseen circumstances, force majeure, or events beyond the control of the administration.

Article 5 - CANDIDATES WITH DISABILITIES AND/OR SPECIFIC LEARNING DISABILITIES (SLD)

1. The tests in this admission procedure are organized by the University, taking into account the individual needs of candidates with disabilities, as per Article 16 of Law No. 104/1992, as well as candidates with diagnoses of Specific Learning Disabilities (SLD) under Law No. 170/2010.
2. Candidates with a disability certificate, certification under Law No. 104/1992, or a diagnosis of Specific Learning Disabilities (SLD) under Law No. 170/2010 can benefit from special aids or compensatory measures during the test, as well as additional time, by specifying their actual needs on the portal by September 29, 2023.

The application must be accompanied by the following documentation:

For candidates with disabilities:

Certificate of civil disability

Law No. 104/92 certification

Self-certification of conformity to the originals

ID card or other identification document

For candidates with Specific Learning Disabilities (SLD):

SLD diagnosis under Law No. 170/2010

Self-certification of conformity to the originals

ID card or other identification document

3. Candidates mentioned in point 1 may be admitted to the test with the medical certification they possess at the time of application submission. In case of any lack of updates due to the COVID-19 emergency, the University reserves the right to request the supplementary documentation later on. Candidates with disabilities and/or SLD who do not provide the requested documentation within the specified timeframe may not be guaranteed the provision of necessary compensatory measures.
4. Candidates with disabilities and/or SLD residing in foreign countries who intend to avail themselves of the measures mentioned in the previous paragraphs must present a certification attesting to their disability or SLD issued in their country of residence, accompanied by a sworn translation in Italian or English. The University authorities responsible will examine the received certifications to ensure that the disability and/or SLD is recognized under Italian regulations.
5. For information regarding the services provided by the Center for Active and Participatory Integration (CINAP) at the University of Catania, both during the selection and enrollment phases, you can contact the Center at the email address: cs.cinap@unict.it or visit the website www.cinap.unict.it.

Article 6 - CONDUCTING THE TEST

1. Candidates must present themselves at the test center on the date and time specified in Table 1 and subsequent notices for the purpose of identification. They must be in possession of a valid identification document and appropriate personal protective devices, as required by the reference regulations for COVID-19 prevention. Candidates without these documents and suitable personal protective devices will not be admitted to the test. The designated personnel will verify the identity of each candidate by recording the details of the identification document in a special register, and the candidate will sign their entry.
2. The test consists of solving **60 questions**, each of which has five answer options. Candidates must select only one answer, discarding incorrect, arbitrary, or less likely conclusions. The test covers topics such as reading skills, acquired knowledge, logical reasoning, and problems, biology, chemistry, physics, and mathematics. Based on the programs outlined in Annex A, the following questions are prepared:
 - Four (4) questions on reading skills and acquired knowledge
 - Five (5) questions on logical reasoning and problems
 - Twenty-three (23) questions on biology
 - Fifteen (15) questions on chemistry
 - Thirteen (13) questions on physics and mathematics
3. The admission test begins at **12:00 PM at Italian test centers.**
4. **The test at foreign test centers begins at the times specified in Annex A attached to Ministerial Decree No. 1082 of August 7, 2023.**
5. A total of **100 minutes** is allocated for the test.

6. In case multiple rooms are used, candidates are grouped by age, with the exception of twins.
7. The University reserves the right to exclude candidates from the tests at any time with a motivated decision. Declaring incomplete and/or false information is grounds for exclusion from the tests or forfeiture of the right to enroll. Exclusion from the tests, even if motivated, does not entitle the candidate to a refund of the participation fee.
8. On the day of the test, each candidate receives an envelope containing:
 - a. A personal information form without identification codes, which the candidate must complete.
 - b. Questions related to the admission test, including the identification code of the envelope, and two sheets for rough work.
 - c. An answer sheet with the same identification code as the envelope.
 - d. A sheet with the identification code of the envelope and information about the University and the degree program to which the test pertains.

The replacement, if necessary, of any of the documents mentioned in points b) and c) during the test will result in the complete replacement of the envelope since they bear the same identification code. Any corrections or marks made by the candidate on the personal information form do not lead to its replacement. The replacement of the personal information form is only carried out when there are difficulties in identifying the candidate. In such cases, the commission will replace the personal information form with one from the reserve envelopes, and this will be recorded in the classroom minutes. The replacement of the personal information form never results in the replacement of the entire envelope.

9. Candidates are not allowed to bring or use cell phones, PDAs, smartphones, smartwatches, tablets, headphones, webcams, or any similar devices into the examination room. The introduction or use of pens, pencils, stationery, textbooks, even partial reproductions, handwritten notes, blank sheets, or reference materials is also strictly prohibited, and violations may result in the annulment of the test. Candidates found with prohibited items must deposit them in designated areas where the sterile preservation cannot be guaranteed, as per current COVID-19 containment regulations. Therefore, it is strongly recommended to bring only an identification document and payment receipt. A black pen provided by the University must be used to fill out the answer sheet.
10. Before the start of the test, the President of the Commission or the Room Supervisor randomly selects four students from among the candidates present in the room to verify the integrity of the boxes, open them, distribute the envelopes based on the number of participants, and provide each candidate with instructions. A declaration confirming the integrity of the boxes, the number of assigned envelopes, and the number of unused envelopes is also prepared and signed by the four selected students.
11. Candidates mark their chosen answers by placing an "X" in the corresponding box on the answer sheet. Each candidate has the option to correct an answer only once, ensuring that the previously marked box is completely darkened and choosing another. There should always be one "X" in one of the five boxes for the answer to receive the respective score. The answer sheet contains a small circular figure next to the sequential number of each question. To indicate that they do not wish to answer a question, candidates should cross out this figure. Once marked, this indication cannot be changed. If a candidate does not mark any of the answer boxes and does not cross out the circular figure, the answer is considered unanswered.
12. At the conclusion of the test, each candidate must go to the station with a special pen located a reasonable distance from the commission. There, they will find:
 - Pairs of adhesive labels with barcodes
 - A box for submitting the personal information form, with a facsimile of the personal information form on one side

Each candidate must select a pair of **identical adhesive labels** from those available, affix one to the

answer sheet and the other to the personal information form, ensuring that the alphanumeric codes on the labels match.

The candidate must then sign the **declaration of accuracy of personal data on the personal information form and the correspondence of the codes on the labels applied to the personal information form and the answer sheet.**

After completing the above operation, the candidate must insert the personal information form into the sealed container provided at the designated station and then proceed to the other designated station to insert the answer sheet into the closed container provided there, making sure to place the front side of the answer sheet, containing the provided answers, face down inside the container.

13. At the end of the test, in the presence of the same candidates called to verify the integrity of the boxes or other four candidates drawn at random, the President of the Commission or the Room Manager also takes the following actions:
 - a. Close the special containers provided by CINECA containing the answer sheets, after counting them;
 - b. Seal the special containers containing the personal information forms;
 - c. Sign the labels used to seal the containers;
 - d. Invite the students drawn at random to sign on the same label, already signed by the President of the Commission;
 - e. Package other containers in which the returned envelopes that have been replaced, the envelopes from which the personal information forms have been taken, as well as the unused envelopes, the declaration of box integrity, the number of assigned envelopes, and those unused, as well as copies of the classroom minutes, must be enclosed.
14. The University, both for the purpose of formulating the final merit ranking and for any future requests for access to documents, will retain the following material for five years from the date of the test:
 - The sheets on which the test questions are printed;
 - The personal information forms;
 - The envelope control sheet.

Article 7 - CANCELLATION OF THE EXAMINATION

The following are causes for the cancellation of the examination:

1. Taking the examination in an examination room different from the one in which the candidate is registered, unless the change has been authorized by the examination committee and recorded in the minutes;
2. The introduction and use in the examination room by the candidate of mobile phones, PDAs, smartphones, smartwatches, tablets, headphones, webcams, or any similar equipment, stationery (pens, pencils, etc.) in the candidate's personal possession, manuals, textbooks, and/or partial reproductions thereof, handwritten notes, blank sheets, and consultation material;
3. The candidate's or a member of the committee's signature or marks on the answer sheet (both on the front and back);
4. Interaction between candidates and/or attempts to copy and/or attempts to exchange any material, including the exchange of personal information and/or answer sheets, in possession of the candidates;
5. The use by the candidate, during the insertion of the personal information sheet and the answer sheet into the designated containers, of pens, pencils, or any other writing instrument to make changes/additions and/or corrections to the answer sheet.

Failure to comply with the above rules and/or the instructions of the Commission and the personnel responsible for supervision will result in exclusion from the examination.

The cancellation of the examination is ordered by the Commission. In cases 1) to 5), CINECA does not determine the score for the canceled examination.

Article 8 - COMMISSION

1. For the examination, a commission composed of five professors and three substitutes will be appointed, with a subsequent Rectoral Decree, with the task of ensuring the regular conduct of the procedures.

Article 9 - MINIMUM SCORE THRESHOLD AND EVALUATION OF TESTS

1. Within the available places for enrollments, candidates from EU and non-EU countries as mentioned in Article 26 of Law No. 189/2002, as well as, within the respective reserved places, non-EU candidates residing abroad, are admitted to the single-cycle master's degree courses subject to this announcement, in descending order of the scores obtained.
2. Candidates from EU and non-EU countries as mentioned in Article 26 of Law No. 189/2002 are eligible for admission if they have obtained a minimum score of twenty (20) points in their respective test. Candidates who are not eligible will not be included in the ranking.
3. In accordance with European guidelines on the access of foreign students to university education and in line with the cultural foreign policy needs mentioned in Article 46 of Presidential Decree No. 394/1999, regarding the reserved places for non-EU candidates residing abroad, the minimum eligibility threshold of twenty points does not apply. Non-EU candidates residing abroad are eligible only if they have obtained a score higher than zero (0). Candidates who are non-EU and residing abroad who have not provided any answers to the questions will not be included in the ranking.
4. For the evaluation of the tests, a maximum of ninety (90) points are assigned, taking into account the following criteria:
 - a. **1.5 points for each correct answer;**
 - b. **minus 0.4 (-0.4) points for each incorrect answer;**
 - c. **zero (0) points for each unanswered question.**
5. CINECA, based on the calculated score, compiles a single national ranking for both EU and non-EU candidates, as specified in Article 26 of Law No. 189/2002, following the procedures outlined in Annex 2 of Ministerial Decree No. 1082 of 07-08-2023.
6. The ranking for non-EU candidates residing abroad is determined by the University.
7. In case of a tie in scores, the following criteria apply:
 - a. Preference is given in decreasing order of the candidate's scores in solving questions related to the subjects of biology, chemistry, physics, mathematics, logical reasoning, and reading skills, as well as knowledge acquired in studies.
 - b. Priority is given to candidates who possess, by the registration deadline, the language certifications listed in Annex 3, as declared by the candidate at the time of registration for the exam. The possession of language certifications required for candidates as part of this decree is self-certified and is done in accordance with Article 46 of the Presidential Decree No. 445/2000 mentioned in the preamble. The administrations involved in this procedure reserve the right, at any stage, to verify the truthfulness of the candidate's declaration in accordance with the current legislation. Therefore, the candidate must provide all the necessary elements to allow for appropriate verification. In case the documentation presented by the candidate contains false or misleading statements, subject to penalties provided by the criminal code and special laws, as well as exposure to claims for damages from interested parties, any enrollment will be canceled,

any benefits granted will be revoked, and university fees and contributions paid will be retained.

- c. In case of a tie between one or more candidates with disabilities holding a disability certificate equal to or exceeding 66%, or disabled individuals with certification under Law No. 104 of 1992, Article 3, Paragraph 3, and one or more candidates who do not fall into the aforementioned categories, preference is given to the disabled candidate(s) with a disability certificate equal to or exceeding 66% or the disabled candidate(s) with certification under Law No. 104 of 1992, Article 3, Paragraph 3. The disabled candidate with a disability certificate equal to or exceeding 66% or the disabled candidate with certification under Law No. 104 of 1992, Article 3, Paragraph 3, who intends to assert this preference in case of a tie with another candidate not falling into the aforementioned categories, must present the disability certificate equal to or exceeding 66% or the certification under Law No. 104 of 1992, Article 3, Paragraph 3, to the University where they are "assigned" within a strict deadline of 15 (fifteen) days from the assignment, including the first day, failing which they will be excluded from the national ranking. After this deadline expires without presentation, the undocumented preference will not be considered.
 - d. Outside the scenario described in point 7c, in case of further ties, preference is given to the candidate who is younger in terms of age.
8. The status of eligible non-winner refers only to the ongoing selection procedure. It does not confer any rights regarding access to the courses specified in this announcement in years following the one in which the exam was taken.

Article 10 - ACCESS TO RESULTS, MERIT RANKING FORMATION, AND SCROLL

1. On the days specified below, CINECA, on behalf of the Ministry of University and Research, exclusively publishes the scores obtained by the candidates according to the code label on the website www.universitaly.it, in the candidate's reserved area and in compliance with personal data protection regulations.

Selection test	Date of publication of test scores
Medicine and surgery	October 31, 2023

These data remain available on the public site until the conclusion of the procedures.

2. On **October 31, 2023**, candidates can view their own work, their score, and their personal information in their reserved area on the Universitaly portal.
3. On **November 7, 2023**, the national merit ranking list with names is published in the student's reserved area on the Universitaly portal.
4. The operation and scroll of the rankings for each degree course for the purpose of enrollment occur according to the following phases and rules:
 - a. On November 7, 2023, the named ranking list is published in the reserved area, indicating the score, position in the ranking, and the university where each candidate is placed as "assigned," taking into account the positions of all candidates preceding them and their preferences for universities, as "booked," or as "waiting."
 - b. Candidates who are "assigned" must complete the enrollment at the universities according to the administrative procedures specific to each university. "Booked" candidates may also complete the enrollment at universities according to the administrative procedures specific to each university. To allow for the proper management of the national ranking, both "assigned" and "booked" candidates have a maximum of 4 days for enrollment, including the day of ranking, excluding Saturdays and holidays. Failure to enroll within this 4-day period results in forfeiting the spot for "assigned" candidates. "Booked" candidates who do not exercise this option do not lose their status.

- c. Within 5 days from the deadline specified in point (a), and in any case, by 12:00 PM on the fifth day following each scrolling, including the day of scrolling and excluding Saturdays and holidays, each university communicates to CINECA the names of the enrolled students via its dedicated website.
 - d. Within 5 days from the deadline specified in point (a), and by 12:00 PM on the fifth day following each scrolling, including the day of scrolling and excluding Saturdays and holidays, all candidates, except for those who have enrolled, those who have renounced enrollment offers, and candidates falling under the "exhausted places" status, must express their continued interest in staying in the ranking list within their reserved area on the University website, under penalty of forfeiture. In the absence of confirmation of interest, the candidate is excluded from subsequent scrollings of the national ranking in which they are placed, and they lose any right to enrollment. The reason for not confirming interest is not relevant, and in case of an impediment, this short computer procedure can be delegated to trusted third parties within the five days allowed to complete the confirmation process. Notification of this exclusion is automatically provided in the reserved area. Against this notification, without the need for any further communication or dispute from the Ministry of University and Research, an appeal can be filed with the Administrative Court of Lazio within sixty days or with the President of the Republic within one hundred twenty days following the publication in the reserved area of each candidate. In the absence of an appeal regarding the exclusion within the indicated deadlines, a lawsuit filed against other reasons related to non-enrollment in one of the chosen degree programs does not remedy the exclusion that has already occurred.
 - e. On November 15, 2023, CINECA, having received the communications as mentioned in letter (c), proceeds, based on the merit ranking and expressed preferences, to publish the new scrolling of the ranking list following the procedures outlined in letters (b), (c), and (d).
 - f. Subsequent scrollings of the ranking list follow the procedures and timelines outlined in letters (b), (c), and (d).
5. Candidates who are ranked favorably in the merit list can enroll in subsequent years after the first year of the program, exclusively following the recognition of their corresponding credits and subject to the documented availability of seats at the university for the academic year they wish to enroll in. This is in comparison to the seats allocated within their respective cohort of students in previous enrollments.

These procedures, similar to subsequent withdrawals after enrollment, lead to the scrolling of the ranking list solely for the benefit of students who have not been enrolled but are in a favorable position. However, these procedures are only applicable as long as there are available seats in the individual university's program. Any further requests for transfers or withdrawals after all the program seats have been filled will not result in new reshuffling of the ranking list.

6. Subject to the provisions of the previous point, enrollments in subsequent years after the first year, following credit recognition procedures by the destination university, can only take place **within the limits of the seats made available for each academic year within the respective student cohort** due to study withdrawals, transfers to other campuses, or changes to other programs within the same or different university.

Enrolling in subsequent years after the first year as a repeating student is not allowed for applicants coming from other degree programs, as well as those who have already enrolled in the relevant academic year following the successful completion of the admission test for the academic year in which they participated.

No preliminary admission test is required for this purpose.

This provision applies to all degree programs and single-cycle master's degree programs with national planned access for which applicants have submitted applications for enrollment in subsequent years following the publication of the aforementioned University Call.

Article 11 - ENROLLMENT IN STUDY PROGRAMS

1. Enrollment can only be done through the university website (www.unict.it). Starting from November 7, 2023, assigned candidates must complete two steps for enrollment: submitting the enrollment application and paying the fixed fee. Both steps must be carried out following the online procedures provided by the "Smart_edu" Student Portal. Confirming the enrollment application within the specified deadlines generates the payment of a fixed fee of €156.00 (including the regional fee for the right to study of €140.00 and a virtual stamp duty of €16.00), which is listed under "Payments to be made." All payment-related information is available in section 7 of the "[Guide for Students for the academic year 2022-2023](#)."
2. At the time of enrollment, students who intend to access the financial benefits provided by the Right to Study, both in terms of calculating the variable portion of the student contribution and for additional services provided by the University to students, must first obtain the **ISEE Università 2023** economic indicator. In the enrollment application, where required, they must authorize the University to access the computerized archives of the INPS (Italian Social Security Institute) to acquire the economic indicator, as indicated in the "Guide for Students for the academic year 2023-2024" (section 6), published on www.unict.it under "Teaching » Enrollment and Registration." This requirement also applies to recipients of scholarships granted by the regional university student support agency (ERSU).
3. If a student is already enrolled in a different course of study for previous years or is currently enrolled in another course of study for the current year, they must contact the relevant academic office (settore.medico@unict.it) to continue with the new course of study. In both cases, students must follow the specified deadlines.
4. Candidates who took the exam at a location other than Catania must register and access the student portal of the University of Catania at <https://studenti.smartedu.unict.it>.
5. It should be noted that in a subsequent rectoral decree, the minimum scores required for enrollment without additional training obligations (OFA) will be specified.

Article 12 - PROCEDURE MANAGER

1. The administrative officer responsible for the regular conduct of the admission test, identified in accordance with Article 5, paragraph 1 of Law No. 241/90, is Mr. Giulio Fortini, EP category official of the Didactic Area - email giulio.fortini@unict.it - tel. 095.7307299.
2. For information about this procedure, you can contact the Student Careers Office - Medical Sector.
3. Candidates have the right to access the documents of the procedure in accordance with the procedures specified in Articles 1 and 2 of Presidential Decree No. 352 of June 23, 1992 (Regulation on the discipline of the exercise and cases of exclusion of the right of access to administrative documents, in implementation of Article 24, paragraph 2, of Law No. 241/90, containing new provisions on administrative procedures and the right of access to administrative documents).

Article 13 - TREATMENT OF PERSONAL DATA

1. The data provided above are used in compliance with the provisions of European Regulation No. 679/2016. The data is collected and processed solely for the institutional purposes of the University of Catania, located at Piazza Università No. 2, 95131 Catania.
2. The processing of personal data is carried out using manual and computerized tools to ensure the security and confidentiality of the data. The provision of personal data is mandatory for the purpose of evaluating eligibility for participation in the admission procedure, failing which exclusion may occur.
3. The information on the processing of personal data is available on the website www.unict.it, in the University Data Protection section - Information and Exercise of Rights.

Article 14 - PUBLICITY

1. This procedure will be published on the University's website www.unict.it in the "Announcements, Tenders, and Competitions > Students and Post-Graduates" section, as well as in the University's online bulletin board.
2. For corrections of material errors and any errata corripge related to this procedure and its annexes, an appropriate notice will be published on the University's website www.unict.it.

Article 15 - FINAL PROVISIONS

1. For everything not expressly provided in this Call, reference is made to the legislative, regulatory, and ministerial provisions cited in the preamble.
2. The mandatory compliance with the terms and provisions of this procedure is reiterated. This University reserves the right to exclude candidates participating in the test announced by this Call at any time for failure to comply with the provided provisions or terms or due to the lack of required qualifications.
3. An appeal to the TAR Lazio is allowed against this provision, within 60 days from its publication.

Catania,
