

Covid-19 Emergency procedures for E+ incoming students

The University of Catania has adopted precautionary measures in order to face the current health situation related to Covid-19 in accordance with the Italian Ministry policies and the instructions received by the Governance of UniCT. **The University of Catania has temporarily suspended, until new determinations by the governing bodies, the incoming Erasmus mobilities in all UniCT departments/o offices/centers.**

INCOMING STUDENTS | SECOND SEMESTER A.Y. 2019/2020

Students in mobility in Catania

- 1. Students who want to continue physically their mobility in Catania**, can follow the UniCT Distance Lectures and have access to UniCT exams.
- 2. Students who want to interrupt their mobility before the end of the planned period, going back home or staying in Catania, and have no intention to complete their mobility at a later stage**, will immediately receive a Recognition Outcome Certificate (RO) for the exams they have already passed (full or partial), for the traineeship activities they have already performed (full or partial) and for the research they have already done for the final dissertation (full or partial), receiving the total amount of credits established in their Learning Agreement. Students will receive by e/mail the Erasmus Certificate for the period spent in Catania, to be send to the IRO of the home institution for the final recognition.
- 3. Students who want to suspend their mobility, going back home before the end of the planned period but have the intention to complete their mobility at a later stage or in a virtual way**, provided that they have informed UniCT and their home institution about their decision, can follow UniCT Distance Lectures immediately and sit the exams if they are available. The other activities, not available via web, will be done when they will be back in person in Catania or in a different modality according to specific agreements with the hosting department. The exams they have already passed (full or partial), the traineeship activities they have already performed (full or partial) and the final dissertation research they have already done (full or partial) will be kept in the UniCT database and will be certified later, when the Erasmus

period is completed, virtually or in presence, provided that the minimum length is respected (90 days for Erasmus for Study and 60 days for Erasmus for Traineeship).

Students not yet in mobility in Catania

1. **Students who want to postpone their mobility, provided that they have received the authorization of the sending institution**, can follow UniCT Distance Lectures immediately but will be able to sit the exams only when they will be in person in Catania. The exams, the traineeship activities and the research for the final dissertation planned in the Learning Agreement (LA) will be certified by UniCT at the end of the mobility period, provided that the minimum length is respected (90 days for Erasmus for study and 60 days for Erasmus for Traineeship).
2. **Students who want to cancel their mobility** will not receive any final certificate.
